2015 PREA REPORT

Number of incidents reported:	10
Unfounded	6
Unsubstantiated	0
Substantiated	0
Ongoing	3
Sent to outside agency (CDOC)	1

Most of the reported incidents were found to be false reports, or there was not any viable evidence presented at the threshold interview to begin a formal investigation. The three incidents turned over to the Investigations Unit remain open (ongoing), so if/when more information becomes known the cases can be resumed. One case was reported to have occurred at the Colorado Department of Corrections, and was forwarded to the CDOC Inspector General for investigation.

Review of all reported incidents – albeit unsubstantiated - do not indicate any patterns related to jail locations, specific inmates or time of day.

NO reported incidents involved alleged staff misconduct.
