

Healthy Lands Open House

Saturday May 18th, 2019

Lake Pueblo State Park Visitor's Center

640 Pueblo Reservoir Road Pueblo, CO

9 a.m. to noon

musk thistle

Are You a Landowner?

Do you struggle with noxious weeds or other land management issues?

This Event is for You!

oxeye daisy

Bring your questions/plant samples/pictures for one-on-one assistance from our experts!

-What is this plant?? (bring a sample or pictures!)

-What is the difference between a "noxious" and "native" plant?

-What herbicides work best for certain weeds?

-How do I mix and apply herbicides?

-How many horses can I pasture on my acreage?

-How do I know my pasture is in good condition?

-How do I restore my land after fire or overgrazing?

-What grass mix is best for my property?

...And any other questions you may have!

Become Involved! Visit us at: <https://upperarkcwma.weebly.com/>
