Please read prior to completion of this application

Property owners and other potential applicants are encouraged to meet informally or communicate with Planning and Zoning Department staff to gain familiarity with the application process prior to formal submittal of an application and to continue the communications throughout the application process. For more details on application meetings, see Section 8.3 of the Fremont County Zoning Resolution (FCZR).

The Zone Change #2 classification is for zone changes that change property to multi-family, business or industrial zone districts. (*MDR – Medium Density Residence, HDR – High Density Residence, MHP – Manufactured Home Park (Please see Section 4.10 of the FCZR for other requirements), TTP&CG – Travel Trailer Park & Campground (Please see Section 4.11 of the FCZR for other requirements), NB – Neighborhood Business, RHB – Rural Highway Business, B – Business, A – Airport, IP – Industrial Park, and I – Industrial*).

The zone change classification #2 application process provides two alternatives for applicants. The first alternative allows an applicant to obtain preliminary approval for the zone change through submittal of a Use Designation Plan, together with the appropriate fee. This is the application form for a Final Development Plan. Approval of a Use Designation Plan results in a zone change approval for the use specified in the application, without providing the detailed submittal requirements of the Final Development Plan. Use Designation Plan approval shall expire one year after approval, if an application for Final Development Plan has not been submitted. If the Final Plan is not submitted within the one year time frame, the zoning classification will revert back to the original zone classification.

No zone change (ZC) application which has been denied by the Fremont County Board of County Commissioners (Board) within the past three (3) years can be resubmitted unless there is valid new evidence or a substantial change in conditions of the original application.

Any application for ZC that has been submitted after the use requiring the ZC has been established on the property shall be subject to a penalty fee in addition to the set application fee for the ZC. The penalty fee

shall be the same amount as the initial application fee for the ZC. In effect a double application fee shall be charged at the time of submittal in such circumstances. As with all land use applications payment of associated fees does not insure approval of the application.

Any application for ZC where the intention is to house more than one (1) primary use on the property or in a single building will require that the property and or building be subdivided.

In the circumstance of a ZC application that will require a Preliminary Plan/Final Plat or Minor Subdivision application the ZC approval will not go into affect without final approval of the subdivision application.

Any application which is not complete or does not include all minimum submittal requirements will not be accepted by the Fremont County Department of Planning and Zoning (Department). Further, any application that is inadequately prepared, or is incomplete, may be subject to postponement (*until an adequate submittal is provided*) of placement on an agenda of the Fremont County Planning Commission (Commission).

The applicant shall provide **one (1) original document, four (4) copies, and an electronic copy (either CD or flash/thumb drive)** of the application and all of its attachments (*copies of deeds, contracts, leases etcetera are acceptable*) at the time of application submittal along with the application fee, set as per Resolution of the Board. Submittals shall be made to the Department no later than 3:00 pm on the submittal deadline date.

After an adequate submittal, the Department will review the application and all attachments and prepare a Department Submittal Deficiency and Comment Letter (D & C Letter), which will state the submittal deficiencies which must be addressed by the applicant, Department comments and/or questions about the application and the number of revised application packets that must be supplied to the Department in order to place the application on an agenda of the Commission.

Attachments can be made to this application to provide expanded narrative for any application item including supportive documentation or evidence for provided application item answers. Please indicate at the application item that there is an attachment and label it as an exhibit with the application item number, a period and the number of the attachment for that item (*as an example, the first attached document providing evidence in support of the answer given at application item number 22 would be marked - Exhibit ZC-22.1, the fifth attached document supporting the narrative provided for application item 22 would be marked - Exhibit ZC-22.5*). Exhibit numbers should be placed in the lower right hand area of the exhibit.

An additional full application fee will be charged to the applicant, as per resolution approved by the Board, if all deficiencies as per the initial D & C Letter are not adequately addressed or provided. Each subsequent D & C Letter, based on resubmitted items, will result in another full application fee. All such fees shall be paid along with the deficiency submittal, prior to any further review of the application.

If the application is approved by the Board with contingencies the contingencies shall be provided to the Department within six (6) months of the approval date. If not the approval shall be deemed rescinded and the application expired. Re-submittal of the entire application, including fees, and procedural requirements, including public meetings and notices would be required.

If the application is approved by the Board requiring improvements, all such improvements must be completed at the expense of the applicant prior to recording of the ZC.

The Department, The Commission and/or The Board may require additional information at any time during the application process as may be deemed necessary in order to review the application adequately, to determine if the application is in compliance with all applicable regulations and make an informed decision with regard to recommendations, approval or disapproval of the application.

For specific regulatory requirements the applicant should refer to the appropriate sections of the Fremont County Zoning Resolution (FCZR). In addition, consideration shall be given to the Fremont County Master

Plan (FCMP), as the Department will consider it in the review of ZC applications which could result in the need for additional information from the applicant.

1. If the owner is not the applicant, written authorization from the current property owner, specifying the extent to which the representation is authorized shall be attached marked as Exhibit ZC-5.1. An exhibit has been attached.
2. In the circumstance of corporate ownership, documentation evidencing whom is eligible to execute documents on behalf of the corporation, shall be attached to this application. Attachments for this application item shall be marked as Exhibit ZC-6.1. An exhibit has been attached.
3. What is the current zoning of the property? _____
4. What is the proposed zoning of the property? _____
5. What is the total acreage of the property? _____
6. What is the total acreage of the property to be rezoned? _____
7. What is the legal description of the proposed zone change boundary? _____

If the legal description is long an attachment can be made marked as Exhibit ZC-11.1. An exhibit has been attached.

8. Is the boundary of the property to be rezoned the total property legally described in the current deed of record (*most recent deed of the property recorded in the Fremont County Clerk & Recorder's Office*)? Yes --- No If **no**, please explain: _____

NOTE: *If the property to be rezoned is a portion of the total property in the current deed of record, then a subdivision or exemption process will be required to be completed, as a contingency item, if this request is approved. All subdivisions or exemptions must comply with the development requirements of the zone district in which the property is or will be located and appropriate requirements of the FCSR met.* A contingency is being requested.

9. A copy of the current deed of record identifying the current property owner for the subject property shall accompany this application marked as Exhibit ZC-13.1. An exhibit has been attached.

10. What is the general location of the proposed ZC site? _____

11. What is the current land use of the subject property? _____

NOTE: *The current land use must be incorporated into the proposed use, removed from the property or the property shall be subdivided so that each use is contained on a separate property. Please explain*

how the current land use will be addressed. _____

12. What is the proposed use of the property? (*explain in detail*) _____

13. Provide the FCZR citing that allows the proposed use of the property: _____

14. Is the proposed land use an --- Allowed use, --- Conditional Use Permit (CUP), --- Special Review Use Permit (SRUP) or --- Temporary Use Permit (TUP) in the proposed zone district? Please explain: _____

If the proposed use is a use allowed through the issuance of a CUP, SRUP or TUP in the proposed zone district then appropriate applications will be required to be --- submitted to coincide with this application or to be submitted as a --- contingency of approval of this application. **NOTE:** *Approval of a ZC application does not guarantee the approval of a use permit application.*

15. Is the proposed use not specifically listed in the FCZR but thought to be a similar use to an allowed use or a use allowed by permit? Yes --- No If **yes**, then an application for similar use designation in accordance with requirements of the FCZR and associated fee, shall be made prior to submittal of this application or submitted in conjunction with this application. Said application shall be attached and marked as Exhibit ZC-19.1. An exhibit has been attached.

16. A written statement of justification for the rezoning, to include references to at least one (1) of the listed conditions, also documentation should be provided to support the justification evidence. Check all boxes thought to be justification for the proposed ZC: (*supportive documentation may be attached marked as Exhibit ZC-20.1* An exhibit has been attached.)

- a. - Evidence that the property was not properly zoned when the existing zoning was imposed.
- b. - Evidence that additional land is needed in the proposed zone district.
- c. - Evidence that there has been a material change in the neighborhood that justifies the requested zone change.
- d. - Evidence that the proposed zone change will be in conformance to the current Fremont County Master Plan in relation to the area.

Please provide a justification statement specifically indicating how each of the conditions marked are applicable for this application: _____
